Entry 6 - Board of Trustees Disclosure of Financial Interest Form

 $\textbf{Completed} \cdot Jul~28~2022$

Due on August 1, 2022, each member of the charter school's Board of Trustees who served on a charter school education corporation governing one or more charter schools for any period during the 2021-2022 school year must complete and sign a <u>Trustee Disclosure of Financial Interest Form</u>. Acceptable signature formats include:

- Digitally certified PDF signature (i.e., DocuSign)
- Manual signature (1. download to print, 2. manually sign, 3. scan signed document to PDF, and 4. upload into portal)

All completed forms must be collected and uploaded in .PDF format for each individual member. The education corporation is responsible for completing the form for trustees who left the board during the reporting year.

Forms completed from past years will not be accepted. **Only the latest version of the form** (updated in April, 2022) is acceptable.).

Trustees serving on an education corporation that governs more than one school are not required to complete a separate disclosure for each school governed by the education corporation. In the Disclosure of Financial Interest Form, trustees must disclose information relevant to any of the schools served by the governing education corporation.

Entry 9 Enrollment & Retention

Completed - Jul 28 2022

Instructions for submitting Enrollment and Retention Efforts

Required of ALL Charter Schools

Describe the good faith efforts the charter school has made in 2021-2022 toward meeting targets to attract and retain the enrollment of Students with Disabilities (SWDs), English Language Learners (ELLs), and students who are economically disadvantaged. In addition, describe the school's plans for meeting or making progress toward meeting its enrollment and retention targets in 2022-2023.

Recruitment/Attraction Efforts Toward Meeting Targets

Describe Recruitment Efforts in 2021-2022	Describe Recruitment Plans in 2022-2023
NYC Autism Charter School consistently serves a high percentage of students eligible for FRPL. Within the context of enrolling high need/under-served students, the school made the following outreach efforts: print	

Economically Disadvantaged

and/or electronic admission ads in

English and Spanish in El Diario and the Bronx Times; posting of a Virtual Open House/Information Session on the schools website; and distribution of flyers and/or electronic notices to community organizations, service agencies, daycare facilities and city administrative councils. In addition, recruitment and outreach to communities served by our sister school NYC Autism Charter School Bronx also bolstered recruitment at the East Harlem School, as parents were invited to submit lottery applications to both schools. Additionally, NYCACS made the application process much easier through electronic access and submission and, as a result, had one of the largest applicant pools in any year since opening its doors.

NYC Autism Charter School student recruitment will continue to target high need neighborhoods with a particular emphasis on East Harlem and the South Bronx. Electronic and print ads in English and Spanish will be placed in local publications. The school will continue to reach out to a wide variety of community organizations and agencies, in particular those in high need/under-served neighborhoods working with preschool aged children and their families. The school will make increased use of social media in order to reach as broad an audience as possible.

NYC Autism Charter School actively recruits high need students from heavily Spanish speaking neighborhoods in the local community, providing both English and Spanish literature and virtual presentations. Additionally, translation services are utilized to reach families for whom the home language is other than English or Spanish. However, the school's effective outreach and recruitment practices are not correlated with the enrollment of ELL designated students for the following reason: all NYC Autism Charter School

Retention Efforts Toward Meeting Targets

	Describe Retention Efforts in 2021-2022	Describe Retention Plans in 2022-2023		
Economically Disadvantaged	NYC Autism Charter School works diligently to retain economically disadvantaged students. In the 2021-22 school year, NYC Autism Charter School East Harlem retained all but two students, both of whom moved to less restrictive settings, which accomplishes one of the school's accountability goals.	Given the nature of the NYC Autism Charter Schools' special education population and their specialized instructional needs, retention rates for all students will continue to be high, with the caveat that one of the school's accountability goals is to move 5% of its students to less restrictive placements over a five-year period.		
English Language Learners	The district retention target for students designated as ELLs is not a meaningful target for NYC Autism Charter School, as its students are not designated as ELL students. This is due to the confounding nature of their significant language deficits, a component of their autism. Nonetheless, NYC Autism Charter School continues to work effectively with students with autism whose families speak languages other than or in addition to English.	NYC Autism Charter School will continue to work effectively with students with autism whose families speak languages other than or in addition to English.		
Students with Disabilities	100% of students at NYC Autism Charter Schools are classified as students with disabilities. In the 2021-22 school year, NYC Autism Charter School East Harlem retained all but two students, both of whom moved to less restrictive settings, which accomplishes one of the school's accountability goals. Entry 10 - Teacher and Administrator Attrition

Completed - Jul 28 2022

Form for "Entry 10 - Teacher and Administrator Attrition" Revised to Employee Fingerprint Requirements Attestation

A. TEACH System - Employee Clearance

Charter schools must ensure that all prospective employees[1] receive clearance through the NYSED Office of School Personnel Review and Accountability (OSPRA) prior to employment. This includes paraprofessionals and other school personnel who are provided or assigned by the district of location, or related/contracted service providers. After an employee has been cleared, schools are required to maintain proof of such clearance in the file of each employee. For the safety of all students, charter schools must take immediate steps to terminate the employment of individuals who have been denied clearance. Once the employees have been terminated, the school must terminate the request for clearance in the TEACH system.

In the Annual Report, charter schools are asked to confirm that all employees have been cleared through the NYSED TEACH system; and, if denied clearance, confirm that the individual or employee has been removed from the TEACH system, and is <u>not</u> employed by the school.

[1] Employees who must be cleared include, but are not limited to, teachers, administrative staff, janitors, security personnel and cafeteria workers, and other staff who are present when children are in the school building. This includes paraprofessionals and other school personnel that are provided or assigned by the district of location, as well as related/contracted service providers. See NYSED memorandum dated October 1, 2019 at http://www.nysed.gov/common/nysed/files/programs/charter-schools/employeefingerprintoct19.pdf or visit the NYSED website at:

http://www.highered.nysed.gov/tsei/ospra/fingerprintingcharts.html for more information regarding who must be fingerprinted. Also see, 8 NYCRR §87.2.

B. Emergency Conditional Clearances

Emergency Conditional Clearances

Charter schools are **strongly discouraged** from using the emergency conditional clearance provisions for prospective employees. This is because the school must request clearance through NYSED TEACH, and the school's emergency conditional clearance of the employee terminates <u>automatically</u> once the school receives notification from NYSED regarding the clearance request. Status notification is provided for all prospective employees through the NYSED TEACH portal within 48 hours after the clearance request is submitted. Therefore, at most, a school's emergency conditional clearance will be valid for only 48 hours after approval by the board.

Schools are not permitted to renew or in any way re-establish a prospective employee's emergency conditional clearance after status notification is sent by NYSED through the TEACH portal.

Schools are asked to attest that they have reviewed and understand these requirements. More information can be found in the memo at NYSED CSO Employee Clearance and Fingerprint Memo 10-2019.

Attestation

Responses Selected:

I hereby attest that the school has reviewed, understands, and will comply with these requirements.

Entry 13 School Calendar

Completed - Jul 28 2022

Instructions for submitting School Calendar

Required of ALL Charter Schools

If the charter school has a tentative calendar based on available information and guidance at the time, please submit with the August 1, 2022 submission. Charter schools must upload a final school calendar into the portal and may do so at any time but no later than **September 15, 2022**.

School calendars must meet the <u>minimum instructional requirements</u> as required of other public schools "… unless the school's charter requires more instructional time than is required under the regulations."

Board of Regents-authorized charter schools also are required to submit school calendars that clearly indicate the start and end date of the instructional year AND the number of instructional hours and/or instructional days for each month. See an example of a calendar showing the requested information. Schools are encouraged to use a calendar template and ensure there is a monthly tally of instructional days.

PLEASE NOTE: This is a required task, and it is marked optional for administrative purposes

INDEPENDENT AUDITOR'S REPORT

Board of Trustees NYC Autism Charter Schools

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of NYC Autism Charter Schools, which comprise the statement of financial position as of June 30, 2022, and the related statements of activities and changes in net assets, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of NYC Autism Charter Schools as of June 30, 2022, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of NYC Autism Charter Schools and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about NYC Autism Charter Schools' ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of NYC Autism Charter Schools' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about NYC Autism Charter Schools' ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control—related matters that we identified during the audit.

Report on Summarized Comparative Information

The financial statements of NYC Autism Charter Schools for the year ended June 30, 2021 were audited by another auditor who expressed an unmodified opinion on those statements in their report dated October 22, 2021. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2021 is consistent, in all material respects, with the audited financial statements from which it has been derived.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 19, 2022 on our consideration of NYC Autism Charter Schools' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering NYC Autism Charter Schools' internal control over financial reporting and compliance.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2022 (With Comparative Totals for 2021)

NOTE A: THE CHARTER SCHOOL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Charter School

New York Center for Autism Charter School ("East Harlem School") is an education corporation formed in 2005 to operate a charter school located in the City of New York, borough of Manhattan. In July 2005, the Board of Regents of the University of the State of New York (the "Board"), for and on behalf of the State Education Department, granted a provisional charter valid for a term of five years and renewable upon expiration. On October 15, 2019, the Board granted East Harlem School the fourth charter renewal valid for a term of five years through June 30, 2025.

During the year ended June 30, 2016, East Harlem School received from the State University of New York Charter Schools Institute authorization of the granting of a new charter to establish a New York Center for Autism Charter School Bronx ("Bronx School") that will operate identically to the Manhattan school. Bronx School opened in September 2017 for the 2017-18 school year.

Effective July 1, 2017, East Harlem School and the Bronx School merged under one Education Corporation with the Bronx School Employer Identification Number, and the combined entity is known as NYC Autism Charter Schools (the "Charter School"). On June 28, 2022, the Board granted the Charter School a renewal for both charters valid for a term of five years through July 31, 2027.

The Charter School's mission is to provide individualized, scientifically-based educational services to children with autism and other pervasive developmental disorders. The Charter School promotes the achievement of high educational standards and the full intellectual, social, physical, and emotional potential of each of its students. It extends its educational programming beyond the Charter School's walls through training, consultation, and support for students' families. The Charter School also offers ongoing professional development opportunities to its staff, as well as to other educators in New York City and the surrounding area. The Charter School is exempt from federal income tax under Section 501(a) of the Internal Revenue Code (the "Code") and is classified as an organization described in Section 501(c)(3).

Basis of accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

Classification of net assets

To ensure observance of limitations and restrictions placed on the use of resources available to the Charter School, the accounts of the Charter School are maintained in accordance with the principles of accounting for not-for-profit organizations. This is the procedure by which resources are classified for reporting purposes into net asset groups, established according to their nature and purpose. Accordingly, all financial transactions have been recorded and reported by net asset group.

The assets, liabilities, activities and net assets are classified based on the existence or absence of donor or grantor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

NOTES TO FINANCIAL STATEMENTS, Cont'd

JUNE 30, 2022 (With Comparative Totals for 2021)

NOTE A: THE CHARTER SCHOOL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Cont'd

Net Assets Without Donor Restrictions

Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions. The Board of Trustees has discretionary control to use these in carrying on operations in accordance with the guidelines established by the Charter School.

Net Assets With Donor Restrictions

Net assets subject to donor (or certain grantor) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both. The Charter School had \$105,919 and \$133,395 of net assets with donor restrictions at June 30, 2022 and 2021, respectively.

Revenue recognition

Revenue from Exchange Transactions: The Charter School recognizes revenue in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) 2014-09, Revenue from Contracts with Customers, as amended. ASU 2014-09 applies to exchange transactions with customers that are bound by contracts or similar arrangements and establishes a performance obligation approach to revenue recognition.

The Charter School records substantially all revenues over time as follows:

Public school district revenue

The Charter School recognizes revenue as educational programming is provided to students throughout the year. The Charter School earns public school district revenue based on the approved per pupil tuition rate of the public school district in which the pupil resides. The amount received each year from the resident district is the product of the approved per pupil tuition rate and the full-time equivalent student enrollment of the Charter School. Each NYS school district has a fixed per pupil tuition rate which is calculated annually by NYSED in accordance with NYS Education Law. Amounts are billed in advance every other month and payments are typically received in six installments during the year. At the end of each school year, a reconciliation of actual enrollment to billed enrollment is performed and any additional amounts due or excess funds received are agreed upon between the Charter School and the district(s) and are paid or recouped. Additional funding is available for students requiring special education services. The amount of additional funding is dependent upon the length of time and types of services provided by the Charter School to each student, subject to a maximum amount based upon a set rate for each district as calculated by NYSED.

The following table summarizes contract balances at their respective statement of financial position dates:

NOTES TO FINANCIAL STATEMENTS, Cont'd

JUNE 30, 2022 (With Comparative Totals for 2021)

NOTE A: THE CHARTER SCHOOL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Cont'd

Contributions

The Charter School recognizes contributions when cash, securities or other assets, an unconditional promise to give, or a notification of a beneficial interest is received. Conditional promises to give, that is, those with a measurable performance or other barrier, and a right of return, are not recognized until the conditions on which they depend have been substantially met.

Contributions and unconditional promises to give are recorded as revenue in the appropriate class of net assets depending on the existence of any donor restrictions. A contribution that is received and expended in the same period for a specific purpose is classified as revenue without donor restrictions.

Contributions are recorded as restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the consolidating statement of activities and changes in net assets as net assets released from restrictions.

Grant revenue

Some of the Charter School's revenue is derived from cost-reimbursable federal and state contracts and grants, which are conditioned upon certain performance requirements and/or the incurrence of allowable qualifying expenses. Amounts received are recognized as revenue when the Charter School has incurred expenditures in compliance with specific contract or grant provisions. Certain grants are subject to audit and retroactive adjustments by its funders. Any changes resulting from these audits are recognized in the year they become known. Qualifying expenditures that have been incurred but are yet to be reimbursed are reported as grants and contracts receivable in the accompanying statement of financial position. There were no amounts received prior to incurring qualifying expenditures, which would be reported as deferred revenue in the accompanying statement of financial position at June 30, 2022 and 2021. Qualifying expenditures that have been incurred but are yet to be reimbursed are reported as grants receivable in the accompanying statement of financial position.

Cash

Cash balances are maintained at financial institutions located in New York and are insured by the Federal Deposit Insurance Corporation up to \$250,000 at each institution. In the normal course of business, the cash account balances at any given time may exceed insured limits. However, the Charter School has not experienced any losses in such accounts and does not believe it is exposed to significant risk in cash.

Cash in escrow

The Charter School maintains cash in an escrow account in accordance with the terms of its charter agreement. The amount in escrow was \$151,951 and \$151,936 at June 30, 2022 and 2021, respectively. The agreement requires a balance be maintained to fund any audit and legal expense should the Charter Scholl cease operations and dissolve.

NOTES TO FINANCIAL STATEMENTS, Cont'd

JUNE 30, 2022 (With Comparative Totals for 2021)

NOTE A: THE CHARTER SCHOOL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Cont'd

Grants and contracts receivable

Grants and contracts receivable are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts based on its assessment of the current status of individual receivables from grants, agencies and others. Balances that are still outstanding after management has used reasonable collection efforts are written off against the allowance for doubtful accounts. There was no allowance for doubtful accounts at June 30, 2022 and 2021.

Investments

Investments consist of cash equivalents and certificates of deposit with maturities of less than twelve months and are measured at fair value. Investment income is recorded as revenue in the period earned.

Property and equipment

Property and equipment are recorded at cost. Depreciation and amortization are computed using the straight-line method on a basis considered adequate to depreciate the assets over their estimated useful lives, which range from three to five years. Leasehold improvements are capitalized at cost and amortized over the lesser of the term of the lease or the estimated useful life of the improvement.

Major renewals and betterments are capitalized, while repairs and maintenance are charged to operations as incurred. Upon sale or retirement, the related cost and allowances for depreciation are removed from the accounts and the related gain or loss is reflected in operations.

Deposit

Deposit represents a deposit on an HVAC system installation as of June 30, 2022 to be included in leasehold improvements that is set to be completed and put into service in fiscal 2023.

Contributed services

The Charter school receives contributed services from volunteers to develop its academic program and to serve on the Board of Trustees. These services are not valued in the financial statements because they do not require "specialized skills" and would typically not be purchased if they were not contributed. In addition, the Charter School received donated transportation services and a nurse from the local district. The Charter School was unable to determine a value for these services.

Tax exempt status

The Charter School is a tax-exempt organization under section 501(c)(3) of the Internal Revenue Code and applicable state regulations and, accordingly, is exempt from federal and state taxes on income.

The Charter School files Form 990 tax returns in the U.S. federal jurisdiction. The tax returns for the years ended June 30, 2019 through June 30, 2022 are still subject to potential audit by the IRS. Management of the Charter School believes they have no material uncertain tax positions and, accordingly will not recognize any liability for unrecognized tax benefits.

Marketing costs

The Charter School expenses marketing costs as they are incurred. Total marketing costs approximated \$6,000 and \$5,000 for the years ended June 30, 2022 and 2021, respectively.

Use of estimates in the preparation of financial statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Comparatives for year ended June 30, 2021

The financial statements include certain prior year summarized comparative information in total but not by net asset and functional classification. Such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with the Charter School's financial statements for the year ended June 30, 2021, from which the summarized information was derived.

Reclassifications

Certain prior year amounts have been reclassified to conform with the current year presentation.

Adoption of new accounting standard - gifts-in-kind

In September 2020, the FASB issued a new accounting update to improve transparency in the reporting of contributed nonfinancial assets, also known as gifts-in-kind. The update requires not-for-profit entities to present contributed nonfinancial assets separately on the statement of activities, apart from contributions of cash and other financial assets. In addition, the update requires not-for-profit entities to disclose in the notes to the financial statements a breakout of the different types of gifts-in-kinds recognized, any donor restrictions associated with the gift, the valuation technique(s) used to arrive at the fair value measure, whether or not the gift-in-kind was monetized, and any policies on monetization. The update is effective for fiscal years beginning after June 15, 2021 and is being applied on a retrospective basis. The Charter School adopted this standard during the year ended June 30, 2022. See Note G.

New accounting pronouncement - leases

In February 2016, the FASB issued a new standard related to leases to increase transparency and comparability among entities by requiring the recognition of right-of-use ("ROU") assets and lease liabilities on the statement of financial position. Most prominent among the changes in the standard is the recognition of ROU assets and lease liabilities by lessees for those leases classified as operating leases under current U.S. GAAP. For nonpublic entities, the FASB voted on May 20, 2020, to extend the guidance in this new standard to be effective for fiscal years beginning after December 15, 2021, and interim periods within fiscal years beginning after December 15, 2022. The Charter School is currently evaluating the provisions of this standard to determine the impact the new standard will have on the Charter School's financial position or results of operations.

Subsequent events

The Charter School has conducted an evaluation of potential subsequent events occurring after the statement of financial position date through October 19, 2022, which is the date the financial statements are available to be issued. No subsequent events requiring disclosure were noted.

NOTE B: LIQUIDITY AND AVAILABILITY

The Charter School regularly monitors liquidity required to meet its operating needs and other contractual commitments. The Charter School's main source of liquidity is its cash and investment accounts.

For the purpose of analyzing resources available to meet general expenditures over a 12-month period, the Charter School considers all expenditures related to its ongoing activities of education and public service as well as the conduct of services undertaken to support those activities to be general expenditures.

In addition to financial assets available to meet general expenditures over the next 12 months, the Charter School operates with a balanced budget and anticipates collecting sufficient revenue to cover general expenditures not covered by donor-restricted resources.

Financial assets available for general expenditures, that is, without donor or other restrictions limiting their use, within one year of the statement of financial position date, comprise the following at June 30, 2022 and 2021:

	June 30,				
	2022	2021			
Cash Investments	\$ 935,649 5,033,724	\$ 1,831,164 3,031,234

NOTE D: FAIR VALUE MEASUREMENTS

Accounting principles establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets
- Level 2: Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement. The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2022 and 2021.

Money Market Funds: Valued at the daily closing price as reported by the fund. Money market funds held by the Charter School are actively traded open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to report their daily net asset value and to transact at that price.

Certificates of Deposit: Valued at the daily average yields and other observable inputs.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Charter School believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE G: SCHOOL FACILITY – GIFTS IN-KIND

East Harlem School has a Facility Shared Use Agreement (the "Facility Agreement") with the NYCDOE for dedicated and shared space at P.S. 50, a New York City public school located at 433 East 100th Street, New York, New York at a cost of \$1 per year. The total square footage utilized by East Harlem School during the years ended June 30, 2022 and 2021 amounted to approximately 8,200 square feet. East Harlem School will continue to operate under the terms of the Facility Agreement unless either party terminates the Facility Agreement with appropriate notice. In addition, East Harlem School continues to be responsible for any overtime-related costs for services provided beyond the regular opening hours.

Bronx School is co-located on the 4th floor of 1180 Tinton Avenue in the Bronx. The space houses eight classrooms, one student gym, one staff room and multiple administrative spaces. Each classroom is approximately 600 square feet, and the school occupies approximately 7,500 square feet at the site.

In valuing the contributed space in the school buildings, the Charter School estimated the fair value of \$2,264,535 and \$2,233,917 for the years ended June 30, 2022 and 2021, respectively, on the basis of financial information provided to the Charter School under the New York City School Rental Assistance Program. There were no associated donor restrictions with the contributed facilities.

NOTE H: OPERATING LEASES

The Charter School entered into three non-cancelable lease agreements for copiers expiring at various dates between September 2022 through September 2027. Lease expense was approximately \$9,000 for the years ended June 30, 2022 and 2021. Future expected minimum payments for these leases are approximately as follows:

Year ending June 30,	 Amount
2023	\$ 9,400

NOTE I: CONTINGENCY

Certain grants and contracts may be subject to audit by funding sources. Such audits might result in disallowance of costs submitted for reimbursement by the Charter School. Management is of the opinion that such disallowances, if any, will not have a material effect on the accompanying financial statements. Accordingly, no amounts have been provided in the accompanying financial statements for such potential claims.

NOTE J: CONCENTRATIONS

For the years ended June 30, 2022 and 2021, approximately 94% and 98%, respectively, of total operating revenue and support came from per-pupil funding provided by New York State through the New York City School District, respectively. The per-pupil rate is set time to time by petition of the Charter School to the City.

At June 30, 2022 and 2021, approximately 81% and 55%, respectively, of grants and contracts receivable were due from federal agencies relating to certain grants.

NOTES TO FINANCIAL STATEMENTS, Cont'd

JUNE 30, 2022 (With Comparative Totals for 2021)

NOTE K: RETIREMENT PLAN

The Charter School sponsors a 401(k) retirement plan available to all eligible full-time employees who have completed at least one year of service. The Charter School matches up to 4% of gross compensation. Contributions amounted to \$75,693 and \$72,317 for the years ended June 30, 2022 and 2021, respectively.

NOTE L: FUNCTIONAL EXPENSES

The financial statements report certain categories of expenses that are attributed to more than one program or supporting function. Therefore, expenses require allocation on a reasonable basis that is consistently applied. The expenses that are allocated include rent, repairs and maintenance which are allocated on a square footage basis, as well as salaries, benefits, payroll taxes and others which are allocated on the basis of time spent in each functional category or program.

NOTE M: FINANCIAL IMPACT OF COVID-19 OUTBREAK

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus (the "COVID-19 outbreak") and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. As such, it is uncertain as to the full magnitude that the pandemic will have on the Charter School's financial condition, liquidity, and future results of operations. Management is actively monitoring the global situation on its financial condition, liquidity, operations, suppliers, industry, and workforce. Given the daily evolution of the COVID-19 outbreak and the global responses to curb its spread, the Charter School is not able to estimate the effects of the COVID-19 outbreak on its results of operations, financial condition, or liquidity for fiscal year 2023.

In response to the COVID-19 outbreak, in May 2020, the Charter School applied for and was approved by a bank for a loan of \$915,750 through the Paycheck Protection Program ("PPP") established by the Small Business Administration. The loan had a maturity of 2 years plus interest at 1% beginning in April 2021. The loan had the potential for forgiveness provided certain requirements are met by the Charter School. On February 9, 2021, the Small Business Administration approved the forgiveness of the loan and all accrued interest in full, which is reported in the accompanying statement of activities and changes in net assets as Paycheck Protection Program loan forgiveness for the year ended June 30, 2021.

In response to the COVID-19 outbreak, the Federal Government passed several the COVID relief acts which included funding for elementary and secondary education. The Elementary and Secondary Emergency Relief Fund (ESSER Fund) was established to award grants to state and local educational agencies. The Charter School has recognized \$345,952 and \$29,775 of revenue relating to ESSER grants during the years ended June 30, 2022 and 2021, respectively. The Charter School has \$83,782 of ESSER grants still available through September 30, 2024 as of June 30, 2022.

REPORT REQUIRED BY GOVERNMENT AUDITING STANDARDS

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Trustees NYC Autism Charter Schools

We have audited in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, the financial statements of NYC Autism Charter Schools, which comprise the statement of financial position as of June 30, 2022, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements and have issued our report thereon dated October 19, 2022.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered NYC Autism Charter Schools' internal control over financial reporting (internal control) as a basis for designing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of NYC Autism Charter Schools' internal control. Accordingly, we do not express an opinion on the effectiveness of NYC Autism Charter Schools' internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. Given these limitations, during out audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether NYC Autism Charter Schools' financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose
